SKILLS

HTML/CSS/JAVASCRIPT/React.JS C++/Python NODE.JS/Express.JS

Fronted Data Structure, OOPS Backend

Git/Github MySQL/MongoDB Figma

Version Control Database UI/UX Design

PROJECTS

Placement cell Website &

- Implemented separate student and TPO login portals using JWT-based security and password hashing for enhanced data protection.
- Designed responsive dashboards for students and TPOs, focusing on information accessibility and user engagement.
- Utilized WebSockets for immediate job listings, providing students with real-time access to the latest opportunities, reducing notification delays to under 1 second.
- Utilized Node.js, Express.js, and MongoDB to manage comprehensive placement data, showcasing proficiency in handling large datasets.
- Employed React, CSS Flexbox, Grid, and Media Queries to ensure a user-friendly experience across various devices.

Bookstore website *⊘*

- Developed a responsive bookstore website using MongoDB, Express.js, React, and Node.js (MERN stack) for a seamless user experience.
- Enhanced User Engagement: Designed separate sections for public and registered users with personalized book recommendations, maximizing content discoverability.
- Robust Security: Implemented secure user registration, login, and data encryption to ensure user privacy and prevent unauthorized access.
- Utilized industry-standard technologies for a scalable and future-proof web application.

EDUCATION

B. Tech CSE-AI Techno India University • CGPA: 7.9	2020 – 2024 Kolkata, India
Intermediate Gurua Inter College • Percentage: 80.4%	2017 – 2019 Gaya, India
Matriculate JRGH/SKUSHABIJA • Percentage: 71.8%	2016 – 2017 gaya, India

ACHIEVEMENTS

Internship at Oasis Infobyte

- Applied React.js concepts in hands-on projects, refining user interface development and component-based architecture skills.
- Addressed challenging real-world scenarios, enhancing technical proficiency and adeptly navigating complex problems.
- Thrived in a collaborative setting, expanding skills and resolving issues efficiently within the team.
